**SPECIAL PROVISIONS
DIVISION A**

A-1 Governing Specifications

The Wisconsin Department of Transportation "Standard Specifications for Highway and Structure Construction," 2023 Edition, as amended by Supplemental Specifications, shall apply on this contract except as modified or altered in the following special provisions.

A-2 Proposal Requirements and Conditions

The submitter, signing and submitting this proposal, agrees and declares as a condition thereof, to be bound by the following conditions and requirements. **Proposals must be fully completed on the attached official proposal form to be considered.**

The submitter declares that they have carefully examined the site of, and the proposal, plans, specifications and contract forms for the work contemplated, and it is assumed that the submitter has investigated and is satisfied as to the conditions to be encountered, as to the character, quality, and quantities of work to be performed and materials to be furnished, and as to the requirements of the specifications, special provisions and contract. It is mutually agreed that submission of a proposal shall be considered conclusive evidence that the submitter has made such examination.

The submitter declares that they understand that the **estimate of quantities** in the attached schedule **is approximate** only and that the attached quantities may be greater or less in accordance with the specifications.

The submitter agrees to perform the said work, for and in consideration of the payment of the amount becoming due on account of work performed, according to the unit prices proposal in the following schedule, and to accept such amounts in full payment of said work.

The submitter declares that all of the said work will be performed at their own proper cost and expense, that they will furnish all necessary materials, labor, tools, machinery, apparatus, and other means of construction in the manner provided in the applicable specifications and the approved plans for the work together with all standard and special designs that may be designed on such plans, and the special provisions in the contract of which this proposal will become a part, if and when accepted. The submitter further agrees that the applicable specifications and all plans and working drawings are made a part hereof, as fully and completely as if attached hereto.
