Price County Senior Dining

Senior Dining Sites are located in five communities throughout Price County. Senior dining provides nutritious, well-balanced meals; promotes better health; and reduces isolation through opportunities for socialization.

Each site offers meals four days per week at varying times. Please contact the specific site for serving days and times.

While each site is unique, all of the senior dining sites occasionally offer a variety of activities to foster friendship, fellowship and just plain fun.

Home delivered meal participants are not able to participate in activities at the site, but they do benefit from a face to face visit from a volunteer each time a meal is delivered to their home.
